

Admiralty Digital Radio Signals Volume 6 (ADRS6)

What is ADRS6?

Admiralty Digital Radio Signals Volume 6 provides maritime radio communications information for pilot services, vessel traffic services and port operations worldwide. More than 3,000 service locations are updated quickly and efficiently via email or CD every week.

One CD includes the calculation program and nine geographical Area Data Sets providing global coverage as in the diagram below. ADRS6 is available on an annual subscription and includes a FREE second user licence for back-up purposes. Prices also include the supply of all appropriate weekly updates during the licence period.

The UK Maritime and Coastguard Agency accepts ADRS6 as meeting carriage requirements under the Merchant Shipping Safety of Navigation Regulations 2002. Details of other marine regulatory authorities granting equivalence are available at <http://www.ukho.gov.uk/amd/FlagState.asp>
